Land Of Thirst

It looks like Canyon will be a land of thirst for at least another year.

Omer "Yank" Mainville admits that his petition to force a wet-dry election in Justice of the Peace Precinct 1 has run out of steam.

He said Wednesday his latest check with those circulating the petition has revealed that only 250 of more than 800 needed has signed the document and that there is not likely to be many more signers.

"We're not going to make it," Mainville declared. "But we will next year. This was spur of the moment. Next year we'll be organized."

The petition must be completed by Aug. 6 as must a similar petition in Randall County Justice of the Peace Precinct 4 in South Amarillo. The petition in South Ama-

rillo is being circulated by Mr. and Mrs. Jess Meehan who operate the Personality House on Western.

County Clerk LeRoy Hutson said he has checked 56 petition sheets from Precinct 4 bearing 1,406 signatures of which 973 are valid and 433

Canyon Boys Travel To World Jamboree

Four Canyon boys left Monday for the 13th world jamboree of Boy Scouts in Asagiri, Japan.

Rick Lyles, Edward Jacobs, Kent Zevely and John Hall left Tuesday from the Lubbock airport with 80 other boys and men, said Hall's mother, Mrs. Dale R. Hall. The flight was sche-

disqualified.

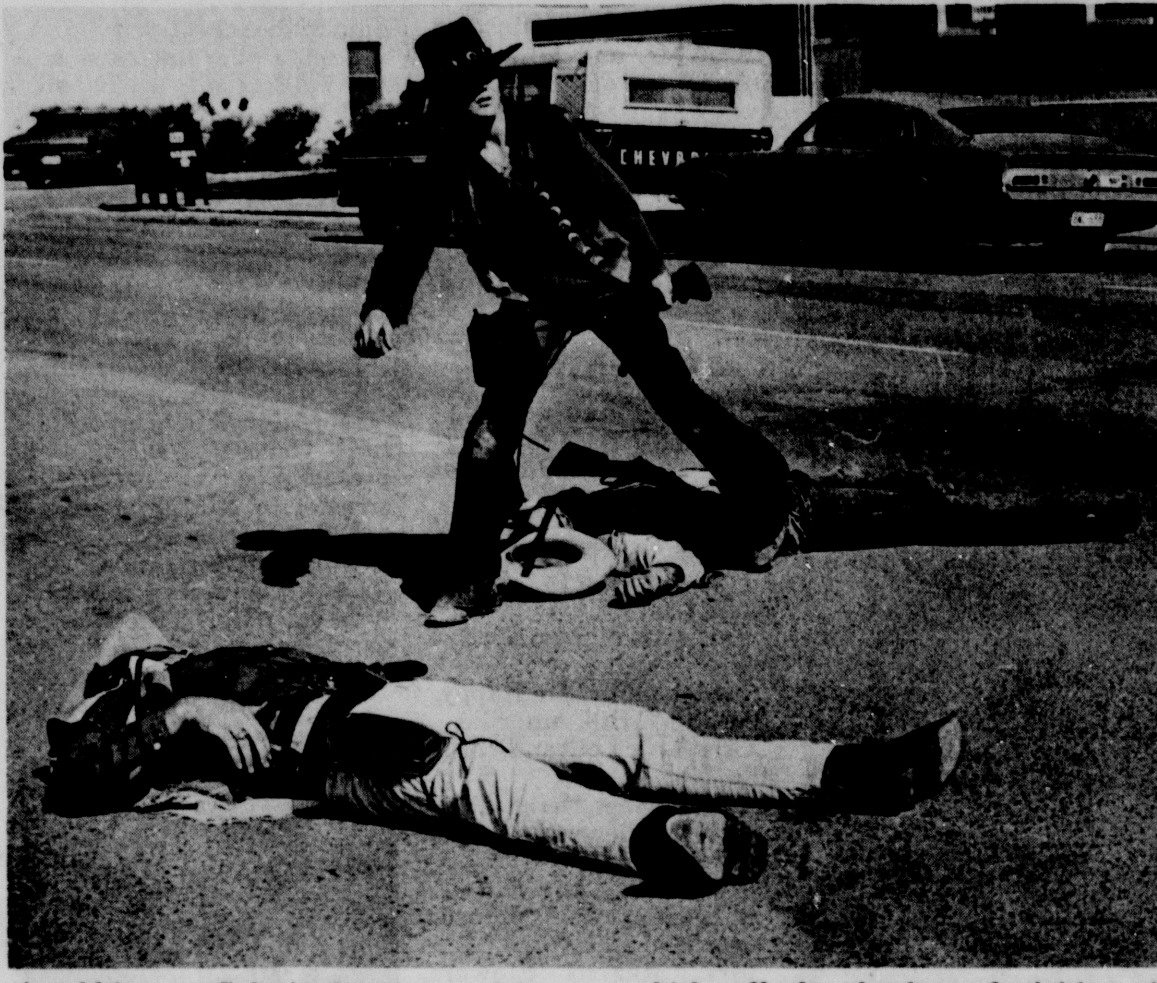

He said he has 26 additional sheets in his possession in the process of being checked. The county clerk reports that 3,715 signatures are needed on the petition in order to force the calling of an election.

duled to make a stop in Houston where they would pick up about 100 more, she said.

From there they would travel to Anchorage, Alaska, stopping for lunch. Scheduled arrival in Tokyo was around 11 p.m. CDT. The Scouts in that particular tour, arranged by Thomas Cook and Son, Inc., World Travel Service in New York City, will tour Japan for three days before spending a week at the jamboree. They will then tour Japan for another five days before returning to Lubbock Aug. 15, said Mrs. Hall.

Parents of the boys are Mr. and Mrs. Roy Lyles of 410 Taylor Lane, Mr. and Mrs. Jerry Jacobs of 6 Country Club Drive, Mr. and Mrs. Claude Zevely of 1702 Hillcrest Drive and Mr. and Mrs. Dale R. Hall of 1202 9th Ave.

Thirty-one planes of Scouts will be going from the United States to the jamboree, Mrs. Hall said, and the jamboree will include 7,000 Americans and a total of 20,000 Scouts.

An oldtime gunfight in the streets of Canyon climaxed the 1971 Canyon Days Celebration parade Saturday morning. More than 40 entried paraded down 4th Ave.

to kick off the day-long festivities. A barbecue, dedication ceremonies, bike contest, pet contest, games, dancing and swimming were part of the activities.

Commissioners Approve

2nd Assistant DA Okay

Randall County should have a second assistant district attorney by Sept. 1, after county commissioners okayed the hiring of another assistant for District Attorney George Dowlen.

Dowlen appeared before the court Monday afternoon requesting a third person in his office. He said he could hire an attorney for about

\$750 per month effective Sept. 1. "I appeared before you in January requesting more help, and since then our work load has increased and we have a backlog of work," Dowlen declared.

Commissioner Bill Butler said in making the motion to approve the hiring, the new person would be on only four months of this year's budget. "You have gone along with us waiting to see how the budget would look," Butler told Dowlen, "and I think we should give you some more help."

Dowlen said he has a person in mind for the position but would rather not disclose his name until further negotiations are held.

Commissioners turned down a request to accept two roads in the proposed Siesta Addition north of McCormick Road. The court said consideration of the roads would be made when the roads were paved to meet county specifications.

Commissioners discussed a road northwest of Canyon questioning if the road is on public or private property. They decided to find out the

status of the road before taking any action.

County Judge Woody Pond said the county received \$1,545.13 in probation fees from May 17, to July 16 this year.

Congress Gives More Money

Work-Study Gets Boost

About 100 West Texas State University students will be able to complete their education through the work-study program thanks to an additional \$126,503 appropriated by Congress.

Earlier this summer the Department of Health, Education and Welfare cut student funds more than 40 percent throwing some 100 youngsters off the work-study program.

Cliff Baker, program director, said the additional funds brings the budget for 1971-72 to \$205,000, just a little more than had originally been requested. He noted that the WT office had asked for about \$203,000 for the year of July, 1971, to July, 1972.

Last year the program spent \$213,000, according to

Baker. The work-study program enables students to be employed part time by a non-profit organization with the federal government paying 80 percent of the salary and the employer paying 20 percent.

This allows students to earn part of their college expenses and reduce the amount of money they must borrow.

Baker said the US Office of Education suddenly laid down new rules without warning in June saying students with families having incomes of zero to \$3,000 get first preference in the program and students with incomes of \$3,000 to \$6,000 are second in line for consideration.

He explained that prob-

lems arose when he told the USOE the number of students he had on his rolls from families with incomes exceeding \$6,000, but who had other factors such as number of children or extreme medical expenses.

Baker said this summer he had fewer students on the program, but his payroll was higher because these students were working 40 hours each week rather than part time.

"In the fall and spring, we have more students, but less payroll because the students are working only part time," Baker explained.

He declared that the \$205,000 will barely meet the needs for this year because of additional requests due to

(see WORK, page 7)

Commission Fires Road Supervisor

Road Superintendent Robert Burns was fired in a closed session of commissioners court Monday.

The same court had hired him in February.

County Judge Woody Pond said Burns, who underwent open heart surgery about a month ago, was discharged "due to health and circumstances beyond his control."

The county judge related that nothing was said in Monday's closed meeting about the quality of the road superintendent's work.

Pond reported that the news was relayed to the ailing road superintendent by Commissioners John Fulgenzi and Bill Butler.

"He had a health problem when we hired him and we didn't know it," commented Butler. "And as far as I'm concerned we fired him on account of his health."

Road crews and the road superintendent had been the focal point of several executive or closed sessions since Burns was hired by the court last February and placed on

the pay roll at \$700 a month.

Judge Pond said he had been instructed by the court to contact Carl W. Baker of Follett to see if Baker is still interested in the job. Baker, who is in the dirt moving business, was among the applicants for the position early this year.

Burns has lived in South Amarillo since December of 1968 and has been employed by Culligan Soft Water Service.

Farmers Getting Relief

More Rains, Less Tears

Farmers and ranchers were still counting their lucky stars Wednesday after another drenching rain storm dumped needed water on farms throughout the county.

In town only .49 inches of rain was recorded late Tuesday evening added to .05 inches shown in gauges earlier in the week. This coupled with the .49 inches

that fell last Thursday and Friday relieved dryland and irrigated farms.

The moisture brought the yearly total to 7.47 inches.

Meredith Warren, east of Canyon on the Palo Duro Highway, said he recorded 1½ inches of rain at his home and further east his feed received 3 inches of moisture during Tuesday's driving rains.

Randall County Agent John Brazzil said he had not received reports from all over the county as of Wednesday morning but he had heard of one and two inches of rain falling between Amarillo and Canyon. Farmers in northwest section of the county reported ½ inches of rain.

Brazzil said the rains were spotty but grassland greened up and irrigated farms benefited.

"Most areas look better, the grass is greening and the irrigated farms really benefited from the rain," Brazzil said. "We are sorry everyone didn't benefit in those two and three inches of rain."

He continued saying, "Overall the rainfall for the year is behind even what we had last year, so we have not caught up. We don't have all our problems solved yet."

He noted that the irrigated farmers had been behind in watering and the rains helped catch them up.

"We are in the critical time for irrigating crops," Brazzil declared. "And any extra moisture we get helps."

Farmers throughout the county reported moisture ranging from ½-inch to six inches after rains late last

Youth, 18, Cites Voting Reasons

The first 18-year-old in Randall County's history to cast a ballot voted in the hospital district and bond election Tuesday.

He is Dan Zevely, who turned 18 last Oct. 15. He is a 1971 graduate of Canyon High School.

Dan said he did some soul searching before voting against both propositions.

"My best friend is a doctor's son and I know his whole family was for it," said Dan. "I know they would have wanted me to vote for it."

"But I guess the basic reason I voted against it was that the site of the proposed hospital was never announced."

"It looked like they were trying to keep it a secret. I guess they had their reasons but I think

that before I could vote to spend that much money I would have to know definitely where it would be located.

"This is a lot of money and it affects a lot of people."

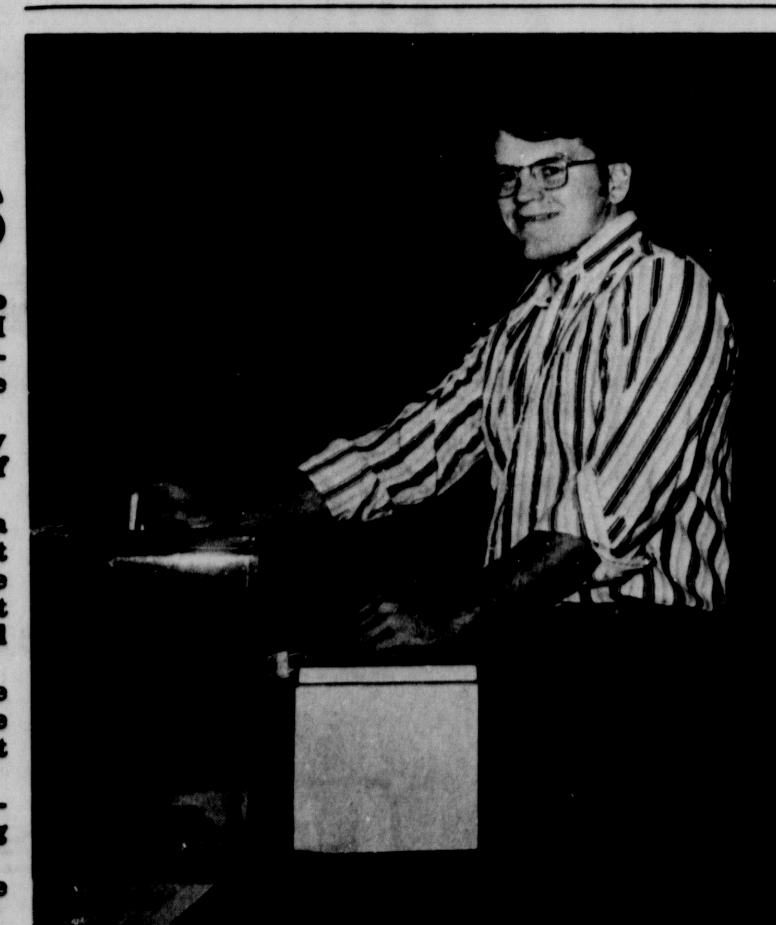

"The square depends a lot on the present hospital and I had to be concerned about what moving the hospital would do to it."

"If it falls this time maybe they will give the location and next time it will pass."

"I know that our Canyon hospital is getting older."

"I think I made the right decision. I hope so."

"Anyway, we're close to Amarillo with Northwest, High Plains and St. Anthony's in case of dire emergency."

Dan Zevely made history Tuesday. He was the first 18-year-old in the history of Randall County to cast a ballot in an election. Dan said he gave extensive thought to the two propositions on the ballot before voting.

Bill Foil, pastor of First Baptist Church, made the presentation of the picture of Mrs. L.G. Conner at dedication ceremonies for seven pictures during Canyon Days Saturday at Conner Park. The pictures are to be hung in the courthouse. Pictured with Foil are H.R. Fulton and Burton Brendle.

TAIR Conference Begins Wednesday On Campus

The 19th conference of the Texas Association for the Improvement of Reading (TAIR) will be held on the West Texas State University campus next Tuesday and Wednesday.

Some 400 and 500 educators are expected to attend.

TAIR is a department of the Texas State Teachers Association to improve reading programs in the Texas public schools.

Guest speakers will be Mrs. Catherine S. Franklin, associate professor in the graduate school of library science at the University of Texas in Austin, and Dr. Gilbert S. Schiffman, coordinating director of instruction for Prince George County

public schools, Upper Marlboro, Md.

In addition to the general assemblies at which Mrs. Franklin and Dr. Schiffman will speak, the delegates will have a choice of seven section meetings to attend each day.

Topics to be discussed at the section meetings include comprehension, releasing children to literature, the role of special reading, storytelling, and reading in a non-graded school.

Mrs. Beth Posey is planning committee chairman for Canyon High School. Other committee members are William H. Henry of the Amarillo public schools, Dr. Ruth Lowes, professor of

education at West Texas State and Dr. Hellon Wilbur, assistant professor of education at the university.

A \$6 fee will be charged for attending both days of the conference and \$3 for one day. Campus dormitory rooms are available during the conference.

The International Reading Association will hold a pre-conference dinner at 7 p.m. Tuesday at the East Dining Hall on campus.

Mrs. Franklin, president-elect of the Texas Library Association, has been a member of the University of Texas library faculty since 1956. In her present position she teaches children's literature and supervises student

librarians.

She received a Master of Library Science Degree from the University of Texas and has done post-graduate study there as well as at the universities of Southern California, Oklahoma, Rutgers and Case-Western Reserve.

Dr. Schiffman has a Doctor of Optometry Degree and graduate degrees in education from Temple University and the University of Mary-

Our World

BY ANN BROWN

There is a fresh breath of air blowing at the grass roots in America. A number of encouraging signs indicate the world may be tiring of wallowing in the mire.

Christians have been contending for almost 2000 years that Christ is the answer, the central figure of all history. The Christian calendar is dated from His birth. Why then has only the exceptional Christian been giving Christ any more than the crumbs of his time, talent, and money?

The people in the "Jesus Movement" currently flourishing in many parts of America report Jesus has filled the vacuum in their lives — and life is no longer a "bad trip." Many of them insist on living "by the Book" in a way that puts the average conservative Christian to shame.

Man, according to the Book, was created for God's pleasure (Rev. 4:11). The man who refuses to honor God seldom finds much pleasure in life.

Suicide, the most popular form of murder in America, is ordinarily the ultimate escape for the frustrated person who has tried every other avenue he knows to elude his problems.

Man's biggest problem is usually himself. Matt. 10:39 offers the solution. True happiness is found only in obedience to God; and He has never repealed His moral laws.

When the homosexuals attempted to gain respectability in the Methodist Church, they were rejected. The vote carried by a small majority — but it did carry.

The lay witness movement, flourishing for some time in the Methodist Church, is creeping into other churches. The laymen are simply telling what fellowship with the living Christ means to them. And it has breathed the breath of life into dormant churches.

Many people who have rejected churchianity are hungry for Christianity.

Russia, long the stronghold of atheism, is reportedly experiencing a moral revival. Pornography is outlawed. And they are revising their laws on marriage, divorce, and the home to conform to God's standards better than they do in "Christian" America.

Recently, on the streets of New York, a policeman under attack was aided by some 200 outraged citizens. The attackers were severely beaten, and might have been killed if the police had not rescued them. This indicates a change in the public attitude.

Jesus says the only avenue to life is the strait and narrow way. The majority has always preferred the broad way, but it will never lead to the desired destination.

If a motorist were to decide he did not want to follow the narrow confines of orderly highways but took off across the country as the crow flies, he would likely wind up in the morgue — if he didn't land in jail first.

If one wishes to call a friend in a distant city, he has to dial the friend's number; he can't pick just any number he pleases and expect to reach his friend.

So there is a right and wrong pathway to any goal, and man accepts that fact about almost everything except God. Many apparently intelligent people contend they can ignore their Crea-

tor or take whatever path they please to reach Him.

The "Jesus freaks" as they call themselves may shun churches but many of them are diligently searching the Scriptures to see what God would have them do.

The "Jesus" people rejected pseudo-Christianity, then found the world had nothing better to offer. They have discovered only animals have complete freedom from moral restraint and responsibility.

What could happen if their philosophy were shared by all professing Christians?

Trades Class Seeks Work

The Canyon High School building trades class would like to talk with someone who is interested in having a house built under this type program, said Harold Hagemer, instructor.

The house site must be in town, Hagemer said, and the house would take about nine months to complete. "We need to have it ready to go no later than Sept. 1," he added.

Labor will be paid for by the building trades class. The owner will pay only for the materials, "although we would like for him to donate about 10 percent of the cost of the material toward the building trades program," Hagemer said.

Interested persons may phone Hagemer at 655-7915.

Photographer Records Route Of Coronado

Bill Rhew, one of the leading documentary photographers in the state, will be traveling the route of Coronado through the Land of Enchantment this weekend.

Rhew, cinematographer and technical designer for the sound and light production "They Came From Spain", will visit the pueblos near Pecos, Bernalillo, Albuquerque and the Zuni Indian Reservation photographing the topography described by Coronado and his men 430 years ago.

The photographs will be used in a travelogue introducing the show when it begins its premiere season Sept. 2 through Oct. 30, at the Pioneer Amphitheatre in Palo Duro Canyon State Park.

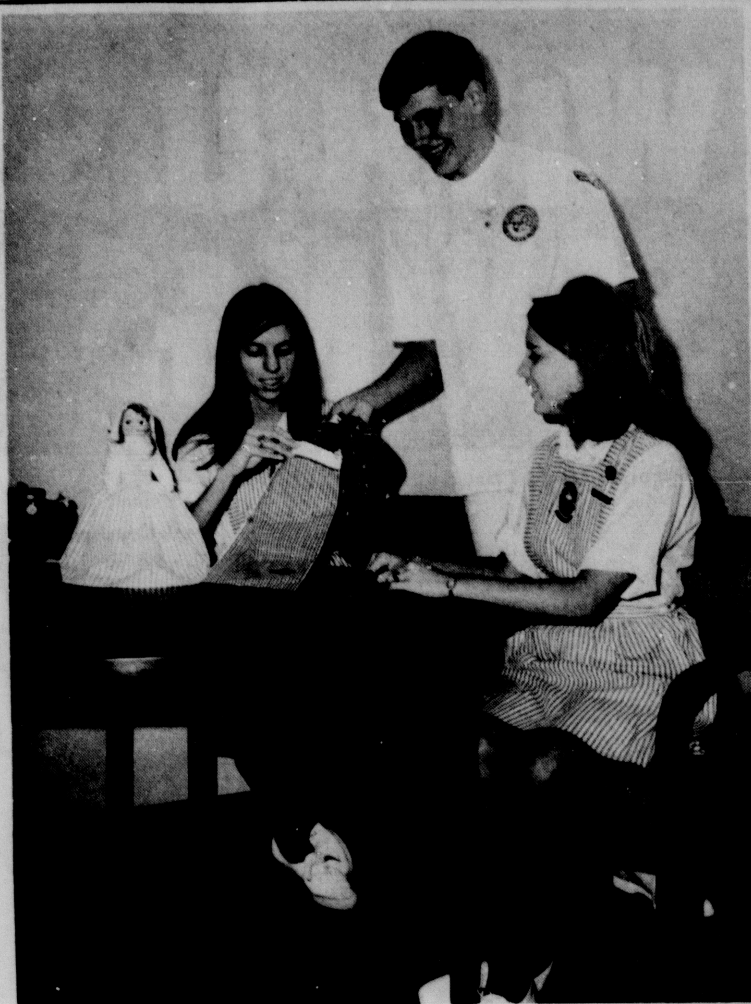

Following the trip to New Mexico, Rhew will be joined by Dr. Ples Harper, formerly head of WTSU's Modern Language department. Harper will serve as interpreter on a trek which will begin at Coronado's original starting place, Guadalajara, Mexico.

They plan to travel up the west coast of Mexico stopping at Tepic, Culican, Ciudad Obregon, and other small villages again gathering photographs of various topography to be used in the travelogue of "They Came From Spain."

Garner said the two days will be spent in band techniques.

Judy Mosley of High Plains Baptist Hospital, Eddie Henderson of St. Anthony's Hospital, and Chris Ferguson of Northwest Texas Hospital, ready the decorations for the fourth annual state Junior Volunteer convention scheduled for the West Texas State University campus Aug. 10-12.

Hospital Volunteers To Gather

The fourth annual statewide Hospital Junior Volunteer convention will be held Aug. 10-12 on the West Texas State University campus.

Convention theme is "Giving Is Living", and Dr. Lawrence A. Allen of the University of Kentucky will head the workshops.

Spencer Guimarin, director of the Texas Hospital Association Health Careers Program, will be master of ceremonies at the three-day conference being conducted by the Texas Association of

Hospital Auxiliaries and the Texas Hospital Association Council on Hospital Auxiliaries.

Teenage volunteers and adult auxiliaries of the three Amarillo hospitals are sponsoring the convention.

Mrs. Edith Thomas is convention chairman assisted by Mrs. Earl Reynolds and Mrs. Harold Brady.

Emmett Johnson, administrator of the High Plains Baptist Hospital in Amarillo will give the welcoming address.

Rev. Leon Hill of Amarillo will present the opening speech, "Giving Is Living."

Miss Texas U.S.A. Brenda Box of Amarillo will speak to the group the morning of Aug. 12.

He has served as director of the New York City Library System, dean of the American Hospital Association, director of education for the University of Chicago, director of the New York State Industrial Relations Center, and lecturer for several universities and colleges.

Holwig Takes To Ground For Buff's '71 Season

Ed Holwig will be running more this year and liking it. The big quarterback was the principal passer in West Texas State's offense last fall, but he will make his presence felt this fall as a runner as well.

"This new attack (combining an I formation, with a wishbone and a pro set) will allow me a greater opportunity to carry the ball and become the fourth running back in the backfield," says the 6-4, 215-pounder from Highspire, Pa.

Holwig hit on 87 passes last fall for 1,097 yards to become the school's sixth leading passer. That total came during his sophomore year, following a red-shirt season. Above him in the passing departments are two members of the current Buffalo coaching staff — offensive backfield coach Jim "Corky" Dawson and head coach Gene Mayfield.

"When we operate out of the wishbone, we won't throw the ball a great deal, but we will pass more out of the I and pro sets," said Holwig. "Coach Mayfield uses nearly the same triple option as we used last fall, so my job there hasn't changed a great deal. We do operate with considerable more counter plays."

Holwig, who will be returning to Canyon shortly after Aug. 1, will spend some time at the home of his roommate — split end Daryl Wynn,

who lives in Follett, Tex. Wynn and Holwig will be in several weddings prior to the start of fall drills Aug. 19 and, besides, they want to start throwing the ball back and forth a little.

Holwig stands alone as the only returning offensive back with a great deal of experience. Fullback Rusty Tucker started two games last fall and saw enough action throughout the season to rush for 259 net yards, but he is attending summer school this six-weeks and must make an A and a B in two courses in order to remain eligible.

Should Tucker not make his grades, the fullback chores would probably fall to sophomores David Diedrich and George Crossman.

Big Billy Pritchett, a 6-3, 228-pound sophomore with speed to burn, started at halfback post all spring.

Pritchett will be backed by little Mark Semkew and Roosevelt Jackson, another pair of sophomores. Semkew was impressive with his quickness and balance as a runner in the spring, but Jackson missed all of the drills with a shoulder injury.

Mike McCullough lettered last fall as a split end, but Mayfield moved him back into the offensive backfield for the first time. The former Tulia athlete responded with a good spring. He will be backed by Amarillo junior squadman Jim Albracht.

When West Texas State University defensive backfield coach Leldon Hensley lines up his charges, he quickly becomes aware that not too many of them have lined up there before.

Of the four starters who will begin fall drills Aug. 19, Hensley has only one playing the same position he played on the Buffalo varsity for last fall's entire 10 games and that player wasn't a starter.

David Jones, who started at corner back throughout spring drills, is the only one of the four starters who played at that position all of last year.

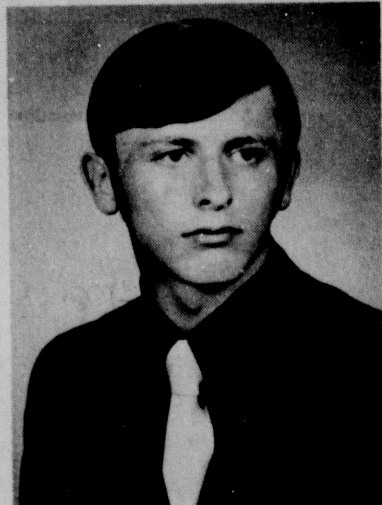

Safety Mike Hrcncir started nine games for the Buffaloes and is the only one of the Buffalo secondary players who earned a letter on defense last year, but he started at both safety one game and corner back eight games. Ron Willingham, who will be opposite Jones at the other corner back, is a senior and hasn't played defense since he was in high school.

Daryl Carr, the other starting safety, played both offense and defense for the Buffalo freshmen last fall.

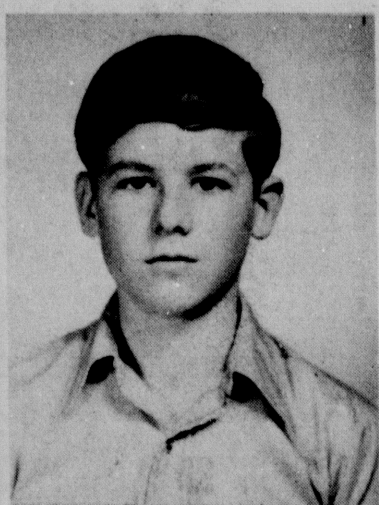

"This isn't as bleak as it appears on the surface," says Hensley. "True, we won't have enough experience to shake a stick at, but the boys get excited about making a play and are certainly willing."

In Hrcncir, Hensley feels he has a good one. The 6-1, 180-pound senior from San Antonio is a two-year letterman. He earned his

Michael Blasdel Reports Findings Of Recent Thesis

Michael John Blasdel of Alexandria, Va., former Canyon resident, was recently invited by the American Association of Physicians in Medicine to present findings of research for his master's thesis at the 13th meeting of the association in Houston.

The son of Mr. and Mrs. L. Sherwood Blasdel of Canyon received a master's degree in May from Texas A&M University. His thesis was entitled "Calcium Sensitivity Determination by Neutron Activation Analysis as Applied to Bone." His studies were in nuclear engineering under a National Defense Education Association fellowship.

Blasdel attended high school in Canyon and Amarillo public schools and attended Amarillo Junior College in pre-engineering. He was graduated from Earlham College in Richmond, Ind., in 1968 with a BA degree in physics.

Blasdel entered the Navy in June of last year and has been on the staff of Hyman Rickover since October. He is working for the director, division of Naval Reactors, United States Atomic Energy Commission in Washington, D.C.

MICHAEL BLASDEL

Mrs. Gary Garner, left, representing the Canyon High School band, and Mrs. Jeff Gunter, right, were among the winners of prizes awarded by Warren's recently. Mrs. Garner and the band won the first prize, a television set. Mrs. Gunter was fifth place

winner. Other winners were Mrs. Durwood Henderson, second; Dr. M. Tarrab, third; Athalee Williams, fourth; Bobby Hudson, sixth; Dorothy Daugherty, seventh; Mrs. W. A. Gray, eighth; Mrs. L. S. Johnston, ninth; and Mrs. Wire Wright, tenth.

Mike Hrnrcir Takes Safety Position For WT Buffaloes

Mike Hrnrcir is one of two secondary defenders on the West Texas State football team with considerable playing time, but it hasn't been at his present position.

When Hrnrcir opens fall drills Aug. 19 along with the

remainder of the Buffalo squad, he will be playing safety. The 6-1, 180 pound senior from San Antonio started the opening game last fall at safety and the next eight at corner back.

When Coach Gene Mayfield and his staff were hired just prior to spring practice, Hrnrcir was moved back to safety to take advantage of his defensive experience and speed.

Ron Willingham, the only other Buffalo secondary defender with much game experience in college, hasn't played defense since he was in high school at Pasadena, Tex. He was a flanker during his first year at West Texas.

David Jones, who will start opposite Willingham as a corner back, was a squadman last fall and

Daryl Carr, a sophomore, will be at safety.

"Although we are young and inexperienced in the secondary, the group seems to have a better attitude," said Hrnrcir. "There is ability back here and all of us are aggressive."

Hrnrcir earned his first letter at West Texas two years ago by starting on the kick-off team. Defensive secondary coach Leldon Hensley figures Mike's 4.6 speed in the 40-yard dash will be put to good advantage this fall.

Dwain Nauert, a 180-pound junior squadman from Stamford, will be the top backup man at any of the secondary positions. He has played at both of the safety and corner positions. Like Hrnrcir, he has outstanding speed. Punters John Grigsby and Merle Kilpatrick were tried at the safety berths in the spring and will again play there this fall. Steve Sydow, another sophomore, is another corner back prospect, as is Louis Jarrett.

Briggs Honored With Reception

Cecil Briggs, long time math professor at West Texas State University, will be honored Friday morning with an informal reception on the campus.

Mr. Briggs, an associate professor, is retiring this fall. Reception will be held from 9 to 11 a.m. in room 311 University South Complex.

Canyon Women Attend Workshop

Four Canyon women are among about 100 teachers who participated in the 8th annual living textbook workshop at West Texas State University Sunday through Wednesday.

Mrs. C. N. Cosby, Mrs. Betty Slagle, Mrs. Barbara Gallop and Mrs. Nadene Lyles registered for the workshop which stressed the use of newspapers as teaching sources in public schools.

The workshop, sponsored by the Amarillo Globe-News Publishing Co. for elementary and secondary education teachers, was "to create an awareness of the newspaper and to stress its uses as a text in the classroom," said Dr. James L. Kidd, director of the workshop.

Mrs. Hope Shackelford 1971 Teacher of the Year in Kansas, and speaker for the workshop, uses the newspaper in her classes to teach uses of topic sentences, descriptive writing and narrative writing. "But the newspaper should be used as a springboard. Go from the newspaper to the text and then tie it in," she told her audience. "Some teachers who use the newspaper quit

using the texts. But they shouldn't." The newspaper should be a supplement to the text, she said.

Dr. Lee Williamson, former director of the workshop and now superintendent of schools in Pueblo, Colo., was keynote speaker for the opening session of the workshop Sunday.

Teachers attending the workshop attended "TEX-AS" Sunday night.

Other speakers for the three-day workshop were Jean Mooney, director of women's services for Newspaper Enterprise Association; Trenton Davis, circulation manager for the Globe-News Publishing Co.; Thomas J. Thompson, editor of the Globe-Times; Lowell W. Brown, advertising director for the Daily News and Globe-News from the Texas Daily Press League in New York.

Two Amarillo teachers, Mrs. Betty Alderete and Mrs. Maxine Roy, discussed the uses of the newspaper in the secondary and elementary classroom.

Jim Clark, managing editor of the Globe-News, discussed newspaper makeup, sections and features. Wesley S. Izzard, editor and publisher of the Amarillo Daily News, and Mrs. Virginia Riggs of Odessa, an English teacher, spoke Wednesday.

The teachers toured the Globe-News plant in Amarillo Thursday night. The workshop adjourned at 11 a.m. Wednesday.

Umbarger News

BY SUSAN DOLLE

The few folks who kept the home fires burning while others wandered away for short treks enjoyed several social functions in the Umbarger community last weekend. The Umbarger Fire Department sponsored its annual picnic Sunday evening at Buffalo Lake with Raymond Batenhorst as chairman and Sylvester Batenhorst, Jack Brandt and Ed Wieck his helpers in the hamburger department. Besides the good food, the volunteers and their families enjoyed horseshoe throwing and volleyball.

The Catholic Youth Organization wandered down into Palo Duro Canyon Sunday for an afternoon picnic and hike.

Sponsors included Mr. and Mrs. Alois Friemel, Richard E. Friemel and Lee Haacke.

Tuesday night the Knights of Columbus invited guests and wives to the installation of officers for the coming year. The installation ceremony was read by Leonard Batenhorst, District Deputy of the Knights of Columbus. Games and refreshments followed.

Those families who enjoyed short vacations after the long-awaited rain included the John Wiecks, Chris and Donna who showed parts of Colorado to their cousin Heinz Wieck, visiting from Germany. They toured the Pueblo Indian reservation in Taos, attended a rodeo, crossed Wolf Creek Pass and went through a mine. Having company helps anyone do the things they want to

do but somehow always put off.

Mr. and Mrs. Ed Wieck, Mary Ann and Bernie spent a few weeks in and around the Colorado Springs area. Ed reports that the tourists were numerous; it is hard to find a place that other travelers don't know about.

The Don Dolles of Umbarger, and the Walter Cranmers and Burton Davies of Canyon found a lovely camping place west of Trinidad — Bear Lake and Blue Lake. The lakes were named most appropriately; everyone huddled in the tents hi-bear-nating from the raindrops and the little brown honey seekers that had been wandering through the camp in previous nights. In spite of everything, I'm sure that site will be tried again next year.

Mr. and Mrs. Bill Bauer spent a short weekend in

Red River where it was raining beautifully.

The Carroll Adams family traveled to Mangum, Okla., for the birthday celebration of Carroll's grandfather, John Adams, who is 90 years old. His birthday is in November, but family members gathered from the far corners to honor him this summer. Being an active nonagenarian is something to celebrate.

Visiting in the W. P. Janssen home last week were Mrs. Janssen's cousins, Father Hugo Topping and his sister, Marlene of Muenster, Germany. Father Topping has been studying at Loyola University, Chicago, this past year. A Divine Word priest, he will be stationed in Ecuador in the future. Accompanying the visitors was Mrs. Janssen's sister, Mrs. Clem Burgeham of Darrsville, Iowa.

Gene Howe News

BY PAULINE HEFLEY

Well, the kid's baseball season is finally over — and what a fine record some of the teams in the Gene Howe area chalked up. The Mustang Midget boys, coached by Eurus Phipps and Bob Paris, played three games and won their championship. This group of boys are made up of third and fourth graders, including that cute little Todd Walker. The gang took a trip to Palo Duro and had a picnic. Then the team was put to a real test. They played the Daddys, and conveniently failed to keep track of the score, and the Daddys had to bat left-handed. Then the Midgets took on the Mommies. Jerry Martindale coached the event with the Mommies and declared the game a tie 'cause the ice cream was melting.

The Knockouts placed second in the final tournament. They had their "end of the season" party at Mac and Deanna Thrash's home. There were about 48 people for the shindig. The team presented Mac and Deanna with a trophy of appreciation. All those present cooked barbecued hamburgers and had homemade ice cream. Then the kids played games and went on a scavenger hunt. This particular team was defeated only by

one point.

Happy Birthday to Gene Storlie.

The Ponderosa Pee Wee Boys (5th and 6th grade), coached by Glen Walker and Dick Ines, were runner up in their category.

Happy Birthday to Cindy Towery.

A get well wish to Mrs. Kenneth "Dee" Hudnell of Farmers who was recently hospitalized. Understand she is home now and we hope doing fine.

Several of our area were in Red River, New Mexico recently. Among those that tootled up for a breath of fresh air were: the Bill Harps and the Guy Mulherins, the Wayne Wallis family. Joining the Wallis family were Wayne's brother and family, Jay Wallis from LeFors, and Wayne's sister Marcella Rice from Borger. Then later Bob and Earlene Flippin of Amarillo joined the party. This bunch did quite a bit of motorcycling through the mountains.

The Ocie Towerys have had houseguests the past few days — J.P. and Lilian McKnight and their daughter, Lisa, from Monroe, Louisiana. Understand the Towerys, without the girls, and the McKnights have motor-ed up to Colorado to do some fishing. We send a happy birthday to their guest, Lisa, who had her ninth birthday this week.

It is too bad that Mommies can't get Girl Scout

badges — Doris Buskin, Arlene Todd and Jean Wallis took a 7-mile bicycle ride with Tracy Buskin, Cindy Todd, Kendra Wallis and Lisa Erwin in order that the girls could get Girl Scout badges. Understand that Jean and Doris really won't qualify for a badge as they loaded their bikes in the pickup before the journey was ended. But congrats to the four little girls.

Mr. Glen Walker took his father, Mr. Hubert Walker, to Dennison for a checkup, then drove from there to Dallas, picked up a friend that works at the hospital with him here, and tootled on down to Tyler and attended a meeting on computers, one of which will be installed in the hospital here in Amarillo. Then back to pick up Daddy and take him home and then on home himself.

Mrs. Dale "Barbara" Young has motored down to Brady, to visit with her folks and then back by Abilene to attend a church workshop there.

You'll be sure and send me your latest happenings — 376-9853 or 352-2089. I'll sign off with a quotation from the imminent philosopher of our time, Charlie Brown. . . "Be kind, don't smoke, be prompt, smile a lot, eat sensibly, avoid cavities and mark your ballot carefully — avoid too much sun, send overseas packages early, insure your belongings, and try to keep the ball low. . . phm.

Mrs. Tucker Is Hostess For Luncheon

Mrs. Rita Tucker hosted a covered dish luncheon in her home recently for the Variety Ring Club.

A short business meeting was held. Mrs. Eva Barnard was guest.

Members present included Mmes. Keith Hines, Pearl Harding, Levi Cole, Fred Marshall, Leonard Winters, J. P. Hammons, P. L. Pitts, Alice Black, Jeanette Robbins, Lidia Matsler, Linda Brotherton, Mae Johnson, Laura Hardman, Modena Barker and Mrs. Tucker.

The annual picnic will be Aug. 6 in the home of Mrs. Robbin.

The first meeting in the fall will be in the home of Mrs. Pitts north of Canyon.
